We will need to collect sufficient information from you before we can offer any advice on housing loans. This is due to the fact that a key issue in relation to mortgage advice is affordability. Such information should be produced promptly upon our request. Where the creditor is unable to carry out an assessment of creditworthiness because the consumer chooses not to provide the information or verification necessary for an assessment of creditworthiness, the credit cannot be granted.

Regarding interest rates, some banks may require you to open a current account with them in order to obtain a better interest rate. Otherwise your interest rate may be higher.

Please note that some lenders only offer mortgages for properties located in certain locations. For example, in or within a certain distance of a city or town. If you live in a rural location this may affect your ability to obtain a mortgage with certain lenders, in particular Avant Money.
